# Introducing the ICC Hearing Centre

ICC Hearing Centre by Mellett Architects. Project architect: Safia Baroudi DPLG

**To respond to a growing demand from the business and legal communities, ICC will open a dedicated facility for arbitration hearings and other forms of commercial dispute resolution in October 2008. It will be the first such facility in Paris.**

The ICC Hearing Centre will be available for any kind of institutional or ad hoc arbitration hearings as well as for the conduct of amicable dispute resolution (ADR) procedures.

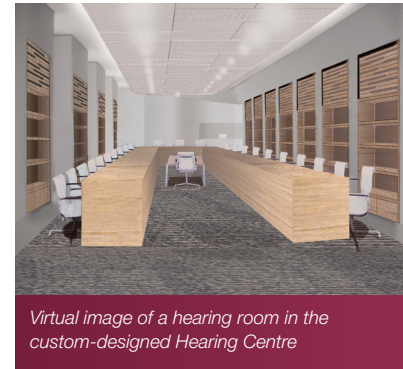

ICC offers various rules and services for the resolution of business disputes, including arbitration, mediation and expertise. Founded in 1923, the ICC International Court of Arbitration has built up unique experience as an international arbitration and dispute resolution centre. It has administered more than 15,500 arbitration cases involving business disputes between parties from all over the world in virtually every sphere of international commercial activity.

ICC has many years of experience organizing hearings and mediations at its headquarters in Paris. It has drawn on this experience to create the custom-designed Hearing Centre.

## Facilities

The 800 square meter Hearing Centre offers flexible packages and a range of facilities, including:

- 3 large rooms designed for hearings and meetings that can seat up to 40 people. The rooms are 70, 90 and 110 square meters.
- 7 rooms for breakout sessions and smaller meetings of up to 20 people
- Photocopying/printing
- Telephone/fax
- Wifi/ISDN connections
- TV/video
- Simultaneous translation equipment
- Video conferencing equipment
- On-site catering for coffee breaks and meals
- On-site technical support

The Hearing Centre will have flexible opening hours. Special requests for services and facilities will be handled on a case-by-case basis.

The use of services and facilities will be packaged according to users' needs. Rates will be based on the package of facilities required.
